Note: This reply is not an authorization to proceed with work involving additional cost, time or both. If any reply requires a change to the Contract Documents, a Change Order, Construction Change Directive or a Minor Change in the work must be executed in accordance with the Contract Documents.

The drawings are produced as REVIT drawings, not CAD- so am unclear what is meant by CAD files. Were they brought out of REVIT to CAD ?

See drawing A510 for pattern elevation with key to tile types. Specifications are where you would find the details. Review specification booklet -Section 093000.
