PROJECT: Harrison Recreation & Community Center – PHASE 1
Harrison, NY

RE: Parking Lot South Retaining Wall

Message:

At the request of the Owner and Architect and in conjunction with the inability to secure the DOT permit for Harrison Avenue in a timely manner it is requested that the Contractor provide a Modular Block retaining wall similar to the in situ wall at the north side of the parking lot in lieu of the concrete retaining wall shown on C-101 and S-100. Modular Block wall details to be similar as that shown on C-501. On the Harrison Avenue side of the site Contractor is to delete the concrete retaining wall adjacent to the areaways as shown on S-100, S-101, and 1 and 2/S-211. The planter wall foundations will be added to Phase 2.
